ADMINISTRATIVE HEARINGS

**COG OPERATING LLC'S
MOTION TO ADMIT EXHIBIT 5 (CONSENT FORMS)
AND
REQUEST TO KEEP THE RECORD OPEN UNTIL MARCH 19, 2019**

TO THE HONORABLE ADMINISTRATIVE LAW JUDGES:

COMES NOW, COG Operating LLC¹ (Concho) to file this motion to admit Exhibit 5 and request to keep the record open until March 19, 2019. To support its motion and request, Concho respectfully shows:

I. Background

The administrative law judges established March 12, 2019, as the deadline for Concho and Oxy to file landowner consent forms agreeing to requested modifications. This filing of several consent forms as COG Operating Exhibit 5 is timely and good cause exists to keep the record open for an additional week.

II. COG Operating LLC's Exhibit 5

As discussed in Concho's initial brief, alternative facilities configurations will have a less negative effect on Concho's and Oxy's oil and gas operations and address Concho's safety concerns. Route 325 Modified best avoids the active oil and gas fields in the study area. Support for modified routes Concho supports is contingent on Concho and Oxy filing forms from surface

¹ COG Operating LLC operates as a wholly-owned subsidiary of Concho Resources Inc.

**COG Operating LLC's Motion to Admit Exhibit 5 (Consent Forms)
and
Request to Keep the Record Open until March 19, 2019**

landowners consenting to Concho's and Oxy's proposed modifications. In addition to filing consent forms in this pleading, Concho will provide electronic copies of the exhibit to all parties and provide hard copies to the court reporter.

Landowner consents

Concho identified and contacted all surface owners affected by the F3, K11, and J7 modifications. Concho provided surface owners and their counsel consent forms. Concho has continued to make good progress and will continue to work to obtain landowner consents in a timely manner.

Link F3

Concho identified three surface landowners affected by Link F3. Concho obtained signed consent forms from all three landowners and is submitting them as attached Exhibit 5-F3-1. The Link F3 surface landowners are:

Collier, Ronald
Tollett, Cecilia
Wolf Bone Ranch Partners, LLC

Link K11

Concho identified several landowners affected by Link K11. The proposed modification affects Section 28, which is owned by 22 persons or entities with undivided interests. Concho has obtained consent forms representing 92.1875% ownership interests of that section. The remaining 7.8125% interest is held by two individuals. One, Billy Joe Stephens, received, executed, and is returning the consent form. The second, Mack W. Dennard, Jr. received the consent form but has not returned it to Concho yet. All other affected Link K11 landowners executed consent forms. Concho is submitting the consent forms it received as attached Exhibit 5-K11-1. When it files additional consent forms, it intends to submit them as Concho Exhibit 5-K11-2 and Concho Exhibit 5-K11-3 (if necessary). The Link K11 surface landowners are:

Adams, Myrtle May
Cannon, Brenda & Ron
Dennard, Ronald David

**COG Operating LLC's Motion to Admit Exhibit 5 (Consent Forms)
and
Request to Keep the Record Open until March 19, 2019**

Dennard, Mack Jr.
Dickinson, Glynda V.
Dyer, Larry
Emerson, Jane Ind. & Co-Trustee of the Joy Hackleman Trust
Hackleman, Billy Wade
Hoefs Ranch, LP
Holder, James & Deborah
Kincer, Norma
McCoy Remme Ranches Ltd
Moran, Samuel B.
Nelson, Joyce C.
Riley, Charlene
Scarbrough, Burrell Lee
Scarbrough, J.B.
Scarbrough, James Wendell
Stephens, Billy Joe
Stephens, Garry Lee
Stringfield, Russell Eugene
Wolfcamp Properties, LLC
Workman, Linda Fae
Young, Roberta Nell Copeland

Link J7

Concho identified six surface landowners affected by Link J7. Two of those landowners executed consent forms and returned them to Concho. One executed the form and is returning it to Concho. Concho is submitting the consent forms it received as attached Exhibit 5-J7-1. When it files additional consent forms, it intends to submit them as Concho Exhibit 5-J7-2 and Concho Exhibit 5-J7-3 (if necessary). The Link J7 surface landowners are:

Collier Enterprises, Inc.
Hoefs Ranch, LP
Mackey, Anne S.
Messick, Fred
Shaw, Cynthia S.
Slack, R. Clay II

**COG Operating LLC's Motion to Admit Exhibit 5 (Consent Forms)
and
Request to Keep the Record Open until March 19, 2019**

III. Request to keep the record open

Concho has worked diligently to obtain consents from all the affected surface landowners. Concho understands from two landowners that the executed consent forms are being returned to Concho. (Billy Joe Stephens and Fred Messick) Concho has sent consent forms to the remaining four landowners. (Mack Dennard, Jr. and another family consisting of Anne S. Mackey, Cynthia S. Shaw, and R. Clay Slack II). Concho is continuing its efforts to obtain executed consents from those four landowners. An additional week will allow Concho to file the two consent forms being returned and continue its efforts to obtain consents from Mr. Dennard and the Mackey/Shaw/Slack family.

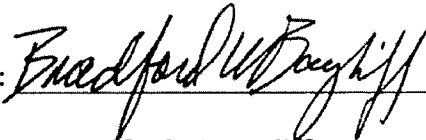

IV. Conclusion

WHEREFORE, PREMISES CONSIDERED, COG Operating LLC respectfully requests the ALJs admit COG Operating LLC Ex. 5 (5-F3-1, 5-K11-1, and 5-J7-1) and keep the record open until March 19, 2019, to allow Concho additional time to complete the record for its requested modifications, and grant such further relief to which Concho may be entitled.

Respectfully submitted,

F3 Surface Landowners Consent Forms

Ex. 5-F3-1**COG Operating LLC**

PUCT Docket No. 48785
PROPOSED ROUTE MODIFICATIONS CONSENT AGREEMENT
Link F3, Ronald Collier Portion

This document provides consent of the undersigned landowner (Landowner) to modifications to a potential route to construct a 345 kV transmission line in a pending application of Oncor Electric Delivery Company LLC (Oncor) and AEP Texas Inc. (AEP) for a certificate of convenience and necessity filed with the Public Utility Commission of Texas (PUCT).

Landowner is executing this document at the request of COG Operating LLC, a wholly-owned subsidiary of Concho Resources Inc. (together, Concho). Landowner acknowledges Concho proposes or supports modifications (Proposed Modifications) to Link F3, which Oncor and AEP proposed in their application in PUCT Docket No. 48785.

Landowner affirms Landowner owns the land underlying the Proposed Modifications depicted in Exhibit A attached to this agreement. Oncor's and AEP's proposed Link F3 is indicated by a yellow dashed and dotted line in Exhibit A. Landowner acknowledges the Proposed Modifications would cause Link F3 to be constructed along the blue line depicted in Exhibit A. If the PUCT approves a route including Link F3, Landowner prefers for Oncor and AEP to route the to-be-constructed electric transmission line along the path following the blue line depicted in Exhibit A. Exhibit B shows the landowners in the area of the Proposed Modifications.

Oncor and AEP will only construct a transmission line using the Proposed Modifications if the PUCT approves in Docket No. 48785 a route including Link F3 and the Proposed Modifications.

Landowner agrees Concho may file this agreement with the PUCT as evidence of Landowner's notice of, and agreement and consent to, the Proposed Modifications and location of the to-be-constructed transmission line if the PUCT approves a route containing Link F3 and the Proposed Modifications. This agreement does not grant an easement or construction rights.

This document may be performed in separate counterparts.

Exhibit B

PUCT Docket No. 48785
PROPOSED ROUTE MODIFICATIONS CONSENT AGREEMENT
Link K11, Billy Wade Hackleman Portion

This document provides consent of the undersigned landowner (Landowner) to modifications to a potential route to construct a 345 kV transmission line in a pending application of Oncor Electric Delivery Company LLC (Oncor) and AEP Texas Inc. (AEP) for a certificate of convenience and necessity filed with the Public Utility Commission of Texas (PUCT).

Landowner is executing this document at the request of COG Operating LLC, a wholly-owned subsidiary of Concho Resources Inc. (together, Concho). Landowner acknowledges Concho proposes or supports modifications (Proposed Modifications) to Link K11, which Oncor and AEP proposed in their application in PUCT Docket No. 48785.

Landowner affirms Landowner owns the land underlying the Proposed Modifications depicted in Exhibit A attached to this agreement. Oncor's and AEP's proposed Link K11 is indicated by a yellow dashed and dotted line in Exhibit A. Landowner acknowledges the Proposed Modifications would cause Link K11 to be constructed along the blue line depicted in Exhibit A. If the PUCT approves a route including Link K11, Landowner prefers for Oncor and AEP to route the to-be-constructed electric transmission line along the path following the blue line depicted in Exhibit A. Exhibit B shows the landowners in the area of the Proposed Modifications.

Oncor and AEP will only construct a transmission line using the Proposed Modifications if the PUCT approves in Docket No. 48785 a route including Link K11 and the Proposed Modifications.

Landowner agrees Concho may file this agreement with the PUCT as evidence of Landowner's notice of, and agreement and consent to, the Proposed Modifications and location of the to-be-constructed transmission line if the PUCT approves a route containing Link K11 and the Proposed Modifications. This agreement does not grant an easement or construction rights.

This document may be performed in separate counterparts.

This document provides consent of the undersigned landowner (Landowner) to modifications to a potential route to construct a 345 kV transmission line in a pending application of Oncor Electric Delivery Company LLC (Oncor) and AEP Texas Inc. (AEP) for a certificate of convenience and necessity filed with the Public Utility Commission of Texas (PUCT).

Landowner is executing this document at the request of COG Operating LLC, a wholly-owned subsidiary of Concho Resources Inc. (together, Concho). Landowner acknowledges Concho proposes or supports modifications (Proposed Modifications) to Link K11, which Oncor and AEP proposed in their application in PUCT Docket No. 48785.

Landowner affirms Landowner owns the land underlying the Proposed Modifications depicted in Exhibit A attached to this agreement. Oncor's and AEP's proposed Link K11 is indicated by a yellow dashed and dotted line in Exhibit A. Landowner acknowledges the Proposed Modifications would cause Link K11 to be constructed along the blue line depicted in Exhibit A. If the PUCT approves a route including Link K11, Landowner prefers for Oncor and AEP to route the to-be-constructed electric transmission line along the path following the blue line depicted in Exhibit A. Exhibit B shows the landowners in the area of the Proposed Modifications.

Oncor and AEP will only construct a transmission line using the Proposed Modifications if the PUCT approves in Docket No. 48785 a route including Link K11 and the Proposed Modifications.

Landowner agrees Concho may file this agreement with the PUCT as evidence of Landowner's notice of, and agreement and consent to, the Proposed Modifications and location of the to-be-constructed transmission line if the PUCT approves a route containing Link K11 and the Proposed Modifications. This agreement does not grant an easement or construction rights.

This document may be performed in separate counterparts.
